

RR INFRA GROUP

COMPANY INTRODUCTION

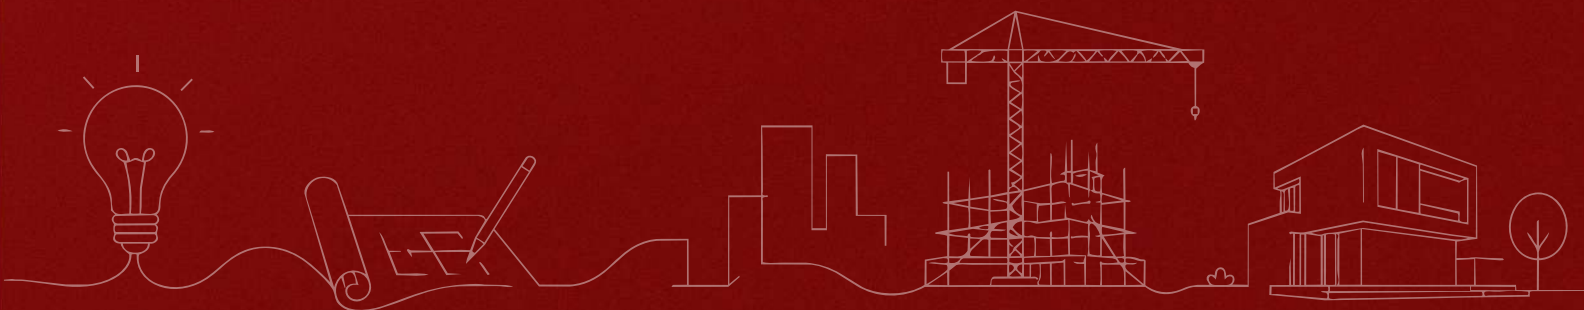

RR Infra is a Jaipur-based turnkey construction and project management firm led by Mr. Pankaj Agarwal, Director & Proprietor.

Established in 2018, RR Infra brings together construction expertise, project management and design execution to deliver complete solutions across residential, commercial, hospitality and industrial projects.

From initial planning and design to construction, finishing and final execution, we manage projects with a strong focus on quality, coordination and timely delivery.

FROM VISION TO EXECUTION.

A portrait of Mr. Pankaj Agarwal, a man with a beard and mustache, wearing a dark suit jacket over a light-colored shirt. He is smiling and has his hands in his pockets. The background is a solid red color with faint, curved, concentric lines in a darker shade of red.

MR. PANKAJ AGARWAL

DIRECTOR & PROPRIETOR

B.Tech Civil Engineer from JECRC, Jaipur, Mr. Pankaj Agarwal leads **RR Infra** with a focus on turnkey construction, project execution and project management. His approach combines technical understanding with hands-on project involvement.

#FOUNDER

A portrait of Miss. Shilpi Agarwal, a woman with long dark hair, wearing a black blazer over a white shirt, smiling. She is positioned on the right side of the image against a red background with abstract geometric patterns.

MISS. SHILPI AGARWAL

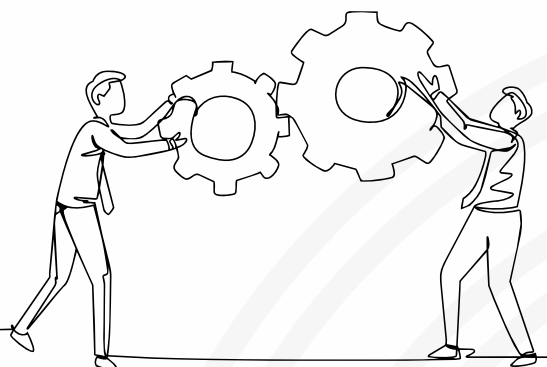

CO-FOUNDER

Leading the firm's strategic operations and organizational growth, Miss. Shilpi focuses on building transparent client relationships, strengthening internal processes, and enabling smooth coordination across projects. Her approach supports scalable operations and effective project execution.

#FOUNDER

OUR CORE STRENGTHS

- **Turnkey Construction**
Complete project execution from planning and design to finishing.
- **Project Management Consultancy**
Professional oversight of contractors, materials, quality, safety, schedules and budgets.
- **Architecture & Design**
Practical architectural solutions balancing functionality, structure and design intent.
- **Interior & Exterior Execution**
Complete finishing and built-environment execution with attention to detail.

WHAT WE DO

01 TURNKEY CONSTRUCTION

We undertake complete building construction with end-to-end project coordination.

Our turnkey scope can include:

- Architectural design
- Structural engineering
- Civil construction
- Procurement
- Plumbing
- Electrical installations
- Interior execution
- Exterior works
- Landscaping
- Final finishing

From the first stage of planning to project handover, RR Infra manages the process

WHAT WE DO

02 PROJECT MANAGEMENT CONSULTANCY

Our PMC services provide professional oversight throughout the construction cycle.

We coordinate:

- Contractor management
- Site supervision
- Material quality
- Construction progress
- Safety standards
- Project schedules
- Budget control
- Execution coordination
- Quality checks

The objective is clear: keep every stage of the project aligned with the planned scope,

WHAT WE DO

03 ARCHITECTURE DESIGN

We combine architectural thinking with practical execution.

Our design approach focuses on creating spaces that are functional, efficient and aligned with the requirements of the project.

From planning and spatial organisation to architectural detailing, we develop solutions that can be effectively translated from drawing to site. through a coordinated execution model.

04 INTERIOR & EXTERIOR

A project is defined by more than its structure.

RR Infra provides interior and exterior execution to bring the complete project together – from civil and finishing works to architectural detailing and external development.

Every element is coordinated with the overall project requirements.

FROM STRUCTURE TO FINISHING.

SECTORS WE SERVE

RR Infra works across diverse project categories, adapting its execution approach to the scale, purpose and technical requirements of each development.

BEHIND EVERY BUILDING,
THERE ARE HARDWORKING HANDS.

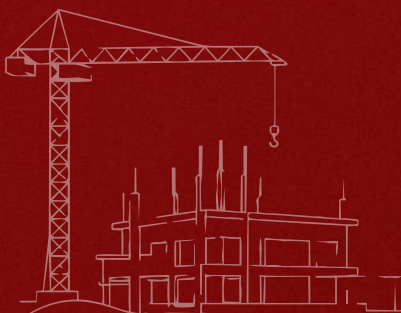

HOW WE WORK

- **Understand**
We begin by understanding the project brief, requirements, scope and expectations.
- **Plan**
The project is structured around design, technical requirements, resources, timelines and execution priorities.
- **Coordinate**
Architects, engineers, contractors, vendors and site teams work through a coordinated execution system.
- **Execute**
Construction progresses through active site supervision, quality checks and continuous project monitoring.
- **Control**
Materials, workmanship, safety, schedules and project requirements are monitored throughout execution.
- **Deliver**
The completed project is handed over with attention to finishing, functionality and execution quality.

WHY RR INFRA

- **End-To-End Execution**
From design and planning to construction and finishing.
- **Integrated Project Management**
Multiple project functions coordinated through a single execution framework.
- **Technical Expertise**
Construction backed by engineering knowledge and practical site experience.
- **Quality Focus**
Material and workmanship quality monitored throughout the project.
- **Site Supervision**
Regular oversight of execution and progress.
- **Versatile Experience**
Experience across residential, commercial, hospitality and industrial developments.
- **Client-Centric Execution**
Every project begins with understanding the client's requirements and ends with delivering against them.

**BUILT ON QUALITY.
GUIDED BY RESPONSIBILITY.**

OUR VALUES

01

Quality First

We maintain quality as a fundamental part of project execution.

02

Safety Always

We believe responsible construction begins with a safe working environment.

03

Integrity

We value transparency, accountability and responsible project management.

04

Innovation

We remain open to better technologies, processes and construction practices.

05

Professionalism

We approach every project with discipline, technical understanding and respect for commitments.

06

Responsibility

We take ownership of the project from planning through execution and completion.

OUR VISION.

To establish RR Infra as a trusted construction and project management partner known for dependable execution, technical excellence and quality across residential, commercial, hospitality and industrial projects. We aim to build spaces that serve their purpose today and continue to create value over time.

OUR VISION.

Our mission is to deliver reliable construction and project management solutions through strong planning, professional execution, quality materials, skilled supervision, transparent coordination, and responsible project management. We continuously improve our processes to make every project more organised, accountable, and efficient from start to finish.

LET'S BUILD WHAT COMES NEXT.

Every project begins with an idea.
We bring together the planning, people,
technical expertise and execution required
to turn that idea into a completed space.

BUILDING TRUST. **CREATING TOMORROW.**

Where every brick reflects our commitment
to quality, precision, and progress.
